## GREENE COUNTY REJECTS SOCIALISM

All honor to the voters of Greene county for rejecting the Bigelow-Fess Socialism here as proposed in the constitutional amendments that were voted upon in this state, Tuesday.

Regardless of the fact that the Socialists organizations, labor unions, single taxers, and allied organizations in the cities greatly outvoted the rural districts, Greene county remained true to the cause of representative government, and not that of the mob and followers of the red flag, and recorded a decisive majority against every proposition except that of license, which was submitted separately.

Another important result of the election so far as the county is concerned was the adoption of liquor license by a majority of 111, the people approving Dr. Fess' support of this measure, regardless of the fact that he was elected last fall as an opponent of license. In a recent address at Canal Dover, Dr. Fess spoke in favor of the amendments and openly charged that the farmers were endeavoring to defeat them. If the vote in this county is carefully analyzed the Dr. will find that the people had little faith in the constitutional convention.

In the village every proposition was defeated. Suffrage by 4; license 89; home rule 76; taxation of bonds etc. 60; capital punishment 89; I and R 86. The other propositions were defeated by about the same majorities.

In the township, suffrage carried by 12; I and R defeated by 114; capital punishment 123; taxation of bonds etc. 98; home rule 100; license 61.

In the county the I and R was defeated by a vote of 1438 to 1402; suffrage by a vote of 228 to 1173; license adopted by a vote of 1181 to 1540; capital punishment defeated by a vote of 1138 to 1094; good roads 2482 to 1185; taxation of municipal bonds, etc. 2115 to 1367.

Over the county the I and R only received good sized votes in James town and precinct A. Xenia, many Socialists living in this ward. Suffrage was rejected in 21 of the 31 precincts in the county, one precinct in the township where the I and R was rejected in 14 of the 31 precincts.

## Mail Sack Feels Colored Man.

John Torrey, colored, of Dayton, who on Monday took over the barber shop at the corner in the Exchange Bank building, was badly injured at the depot that evening while waiting on the train west.

The third section of No. 19 came thundering along and people thought it to be the regular accommodation train. The train was running a mile a minute or more and when a heavy mail sack was thrown from the car it swept all before it. Torrey happened to be in its path and was knocked down with terrific force. He suffered three cuts on the head and a fractured wrist on the left hand. Dr. E. C. Oglesbee dressed the wounds and Torrey was sent to his home in Dayton.

It is said that the sack striking Torrey is all that saved Mr. Wm. Eavey of Xenia, who was waiting on the same train.

## NOTED EDUCATOR HONORED.

REV. W. R. MCCHESNEY, JR., D.

Dr. W. R. McChesney, vice president of Cedarville College has had the honor of being named by the executive committee of the Prohibition party as a candidate on the state ticket for state school commissioner. The appointment is to fill the vacancy caused by the resignation of J. J. Ashenbush of New Concord who leaves soon for Colorado owing to ill health.

The appointment of Dr. McChesney for this candidacy not only brings him in a more prominent manner before the people but serves as an introduction to the educators of the state and should be of inestimable good for Cedarville College.

In former years the members of the old third party have had little encouragement but in the division of the major parties the Prohibitionists hope to poll their largest vote this year for Daniel A. Poling for governor. In Greene county we are sure that Dr. McChesney will receive a highly complimentary vote.

As the campaign comes in the midst of a busy college term yet it may be that Dr. McChesney will find it possible to make one or two campaign speeches. Dr. McChesney is very optimistic over the prospects of the Prohibitionists this year and judging from political conditions we do not know but that he has good reason for such views.

## S. C. Anderson Will Support Taft.

Mr. S. C. Anderson, nominee on the Republican ticket for state representative is out in a statement that he will support President Taft for re-election, regardless of the report that he was for Roosevelt. Another report has been current that Mr. Anderson would support Woodrow Wilson, the Democratic nominee, but his open declaration that he has not yet gone over to the Democrats, and will support President Taft, clears the situation and will strengthen the Republican ticket in this county.

## It Was A False Alarm.

The fire department was called out Thursday evening about eight o'clock. Neighbors saw a blaze flash up in an upstairs room at the home of John Swires and telephoned in an alarm without making any further investigation. The blaze was that of some paper that was being burned to drive the mosquitoes out of the room.

## Candidate For Probate Judge.

Under the new law all judicial officers are elected on a non-partisan ticket and to this end the candidates must circulate petitions to get their names on the ticket this fall.

W. F. Trader, the well-known attorney, has his petition in circulation having notified friends some time ago that he would be a candidate.

Judge Charles Edward will be a candidate for reelection for his second term. It is probable that Judge J. N. Dean, who served several years ago, will run as a candidate. M. J. Hardie has also been mentioned for the place but is not a candidate at this time but may enter if the contest assumes the right proportions.

## Straddlers Still Holding On.

Prosecutor John C. Hasenauer, in a statement that the Republican nominees who petitioned to get on the Moore ticket, could withdraw their petitions at any time, by the desires of the leaders of Republican and progressive parties.

To this date the petitions have not been withdrawn. It is the fact that the board of elections has been in session two days this week. Many look on the statement as a "foolery."

The latest on the situation is that if the regular nominees remain on the Moore ticket, independent Republican ticket will be nominated against them by petition.

## D. A. Poling Is Coming

We tried to get D. A. Poling, Prohibition candidate for governor in Ohio, for a speech at address on same week as the second annual meeting of the Prohibitionists.

The date of Sept. 10, Saturday evening, Sept. 15, A. P. will be in the immediate community on that date and as that date will be the only one available to us, and as so many people in all parties have expressed their desire to hear him, we have secured him for that date, Sabbath evening, Sept. 15 at 7 o'clock in the Cedarville opera house.

Mr. Poling does not make political speeches on Sabbath day and he will not make a political speech here on Sabbath. He will discuss the "Moral and Religious Questions of the Hour" from an administrative standpoint. The admission is free. A collection will be taken during the service. All are cordially invited. Mr. Poling is reasonable and absolutely free from abusive statements. He is an orator of the first class and you will have a great opportunity in hearing him. Everywhere he goes, crowds go to hear him and go away delighted with him.

## Hand Car Jumps Track

Pennsylvania railroad employees who were returning from work on a hand car were given a sudden shock Wednesday when the car struck an open switch east of town. The car jumped the track and threw the men in every direction. Fred Milton and Frank Hamilton were the only ones that were hurt to any extent. The employees failed to see the signal showing the switch was open.

"Bluebird" Luncheon.  
Bluebird luncheons are one of the pretty fancies of the spring, and Mrs. Edward McLean recently extended such a courtesy to Mrs. Peter Oplet Gerry, who was visiting her mother, Mrs. Richard Townsend of Washington. Bluebirds of exquisite plumage fluttered about the wines which were festively arrayed by an electric current, and many others were placed on the handle of a mammoth basket of violets. Each place card had a miniature bird in genuine feathers, the artistic work of the Mexicans, and the suggestion was further carried out by bread, milk, sugar and other characters in Masterlinck's exquisite play, being decked in flowers and blue gauze and placed at intervals on the daintily spread board. Bluebird luncheons may be given on less expensive lines by having birds of blue velvet and flowers of the spring, fanquile or tulips, and pretty place cards on which the symbolic bird of happiness is painted.—New York Press.

## College Notes.

Next Wednesday is the day, 9:30 a. m. in the hour, and the chapel of College Hall the place for the opening of the 1912 year of Cedarville College.

Prof. Edward Mack, D. D. of Lane Theological Seminary will make the opening address and will give you one and all something to think about. The music will be furnished by Mrs. Jesse Russell, who will have charge of the music department this year. The various classes will be organized on the opening day and recitations will begin the following day at 7 a. m. The professors and their classes are as follows:

Prof. McChesney, 2 sections in Psychology, Analysis and New Testament Greek, Greek Lessons, Ethics and 2 sections in Missions; Prof. Jurkat, General History, Demosthenes, Advanced German, U. S. History, Arithmetic and Advanced History; Prof. Allen, 2 sections in English Bible, Civics, Pedagogy, and Preparatory Latin; 2 sections in Economics, and College Latin; Prof. Lanning, Beginning Algebra, Physical Geography, Physics, Household Chemistry, Analytical Geometry, Qualitative, Analytical and General Chemistry; Miss Greenwell, Latin Lessons, Advanced Rhetoric, Advanced French, French Lessons, Preparatory Rhetoric, and Oratory; Miss Gieseler, Vergil, Elective English, German Lessons, College Algebra, Preparatory English Literature, English Grammar; Miss Finney, Geometry; Prof. Hofmeister, 2nd Preparatory Algebra; Prof. McMichael, Comparative Religion; Miss Ankney, Art and Decorating; Mrs. Russell, Music and Harmony; Miss Merton, Domestic Science. All the professors and instructors will be present on the opening day to consult with any desiring to take work in the above mentioned subjects. The text books will be on sale at the book exchange in College Hall.

The tuition in the preparatory department is free. Upon the completion of the preparatory courses, students thereat are advanced to the college. The tuition in the college department is \$18 a semester, payable to the treasurer, F. A. Jurkat, on the opening day.

Year in college, business, and spirit that Cedarville has ever had. The college buildings were never in better trim nor contained better and complete apparatus. The courses of study are broad and varied enough to suit all. The faculty is composed of experienced teachers, who are college and university teachers.

This feeling of the citizens in Cedarville and the community about toward the college is that of deep interest and a desire to help. The college desires to be of the greatest possible service to the people of Cedarville and the community about it. While the new dormitory is a hoped for object and will eventually be secured, the homes of the people of Cedarville were never more widely offered to the needs of the college. There will be no want for rooms in private homes for students.

We are glad to enter the new year with such good feeling and we shall welcome the citizens of Cedarville at any time during the year as visitors to the college.

"Arnold Bennett dined with me at Maria's," said a New York magazine editor, "during his American visit. While we were on the first course at Arnold Bennett told me a story about the cockney accent. 'The cockney accent,' it seems, turns 'make haste' into 'make late,' and 'he turns into 'v' or 'P'—thus 'father' is 'faver' and 'little' is 'falle' in cockney. A little boy in the New Cut—so, after that introduction, Bennett began—'once said to a schoolmaster, 'Gimme a ha'penny! 'Finnan? the dealer as 't. At this the little boy laughed bravely, with the air of one who 'd not to be cheated. 'Pin un?' he said. 'No, not like 'P. Pick un!'"

Mr. Nolan lives in Roxford road, East Cleveland. There are cats at pertaining to that street, and those cats do nightly stink upon the porch of Messrs. Heister, Kravens, Robinson, Sheldon, et al.—whose flats are in juxtaposition to that of Mr. Nolan. The cats were busy a few nights ago, as the whole neighborhood was aware. The next morning Mr. Kravens said to Mr. Nolan: "Did you hear those qualified cats last night?" "Did I?" answered Mr. N. "Yes, I did—and I was glad of a chance to hear something at 'em." "Did you hit 'em?" "No, but I stung an alarm clock that wakes me up every morning, and I got rid of that, anyhow."—Cleveland Plain Dealer.

## THREE TONS OF MONEY

THE DICE OF GOD ARE ALWAYS LOADED.  
STATE FAIR SETS NEW HIGH  
WATER MARK.

The world applauds the winner and the record-breaker. The State Fair is both. By leaps and bounds it grows. In popularity it gains. In attendance it went beyond expectations. In quantity and quality of exhibits it surpassed all predecessors. The present grounds are no longer adequate. Over 500 cars were used in bringing exhibits. The President and the private citizen touched albums within its gates.

Over 6,000 pounds of silver were paid in admissions. Receipts from all sources total \$20,000 more than ever before. Good humor prevailed. Everybody was satisfied. The man in the moon worked nights. Every department was complete. The vast crowds were orderly. Every officer was on duty at proper time and place. Unpleasant incidents did not happen. Words of praise were heard on every side.

The State Fair advertising brought larger crowds to Columbus than before. There was no confusion. The Fair started on time. Every detail of the program was kept to the minute.

Doing away with the free pass curse has won respect and support. An increase of over 20 per cent. in both attendance and exhibits is the story. Demands for exhibit space next year have already been made. This is a new indication of the growth and success of Ohio's Big Exposition. Thanks.

### First Fingerless Gloves.

How early did mankind think of the convenience of the fingerless glove? Little was said of gloves in ancient times, but in most cases it is obvious that they had fingers. Those worn by the secretary of the younger Pliny, used when he visited Vesuvius, so that he might keep on jotting down notes in spite of the cold, must have been fingered, no less than those of the gladiator in Antiquity, who wore gloves at table so that he might handle the meat while hot and get in advance of his far-handled fellow diners.

### To Improve the Hudson.

Secretary of War Stimson has transmitted to congress the report of Colonel Black, engineer officers in charge of the New York harbor, containing a recommendation that \$1,570,000 be spent during the next five years in improving the Hudson river to meet the requirements of the big ocean steamships.

### Wellesley College in Land.

Wellesley college is said to have more graduates in the mission field than any other woman's college in this country. Gertrude Chandler, of the class of 1899, now Mrs. Mychael, was the first Wellesley missionary in the field. She went to Bombay immediately after taking her degree in the first class graduated from Wellesley. The college is represented in the mission field of every country in Asia with the single exception of Korea. There are Wellesley missionaries scattered through South America, Spain, the Philippines, Mexico and Africa.

### Finance Has No Boundaries.

Finance nowadays is limited by no national boundaries. American newspapers contain advertisements of a "City of Tokyo (Japan) Loan" for the purchase of that city of electric trams and electric lighting systems. The loan, amounting to about \$45,000,000, is apportioned between New York, London and Paris.

## Enrollment of Public Schools

The public schools opened Monday morning under the most favorable circumstances, a number of the parents of pupils being present for the opening exercises. Chapel service was held and an opening address was made by Rev. W. J. Sanderson.

The enrollment is as follows:

High School 58  
Grammar 38  
Intermediate 38  
Primary 51

Total 230

The enrollment this year is not equal to that of last year by 13 but there is an increase when it is considered that a class of 21 was graduated last May.

A piano has been placed in the schools to be used for musical training.

The building and grounds present a neat and attractive appearance. Janitor Ross having spent several weeks in preparing for school opening.

Mr. Fred Townsley, while driving an auto owned by Nagley Bros. experienced a shake-up Tuesday when his machine struck a pile of gravel in the road this side of Clifton, which caused the machine to jump into the ditch. There was no damage other than to the front axle of the machine.

## Veterinary Pointers

By Dr. DAVID ROBERTS, Waukesha, Wis.

Thoroughly examine your sick stock by taking the pulse, which should be from 28 to 40. Take their temperature which designates fever by the use of a Veterinary Fever Thermometer.

The live stock owners of the United States would be several million dollars wealthier if they gave their live stock proper care and attention, such as lies within the power of every live stock owner on earth, in the form of Dr. David Roberts Veterinary prescriptions.

Do not experiment, or permit others to do so, on your live stock when they are ailing, for the prescriptions of Dr. David Roberts have been placed within reach of every live stock owner on earth.

The season of Hog Cholera is on and an ounce of prevention is worth a pound of cure. Indigestion is one of the great causes of this disease and should be prevented and overcome by the use of Dr. David Roberts Hog Tonic internally, and pens should be thoroughly disinfected with Dr. David Roberts Disinfectant.

Abortion in cows can be positively wiped out of anywhere on the face of the earth by the use of Dr. David Roberts Veterinary prescriptions.

Damp, cold, rainy seasons, such as fall, often produce inflamed or caked udders in cows. This can be overcome by the use of Dr. David Roberts Cow Tonic and Badger Balm.

Do not waste your time and energy in trying to make a milker out of a beef animal, or a beef animal out of a heavy milker, as the law of nature will not permit it.

In operating upon lambs, pigs and calves, always use freely Dr. David Roberts Healing Oil.

Precaution against death of cattle by bloat should be guarded by keeping on hand one of Dr. David Roberts Cattle Trocars.

We carry in stock all of Dr. David Roberts' prepared prescriptions. They are the "Best by Test".

Cattle that have broken into cornfields, and have overcasten, should be kept from drinking water for twenty-four hours and be given small doses of Dr. David Roberts Laxative dry on the tongue.

"MILCH COWS"

If the point of the teat be stopped up, making milking a difficulty, use Dr. David Roberts Hard Milking Ointment.

Remember that you are not keeping live stock to look at or for pets. They should either be profitable or be killed. Very often non-profitable animals can be made profitable by adding to their feed such ingredients as will aid digestion, and is contained in the Dr. David Roberts Stockvigor, mixed with linseed meal.

The proper time to dehorn cattle is when they are calves a few weeks old by the use of Dr. David Roberts Horn Killer.

If an animal in a herd be afflicted with lumpy jaw, it should either be treated or killed, as it is exceedingly dangerous to the balance of the herd. Dr. David Roberts Absorbent will overcome lumpy jaw in cattle.

Thoroughly disinfect your cow barns once a week, as this will prevent and overcome many diseases that cattle are heir to. Use Dr. David Roberts Disinfectant.

If you want your hogs to fatten quickly and economically, give them Dr. David Roberts Hog Tonic. This will rid them of worms, prevent indigestion and many other dangerous diseases too numerous to mention.

Sell your cream for a good big sum, use part of the check in buying a full of Dr. David Roberts Calf Meal, a substitute for whole milk for calves.

Anyone wishing specific directions in the treatment of live stock ailments should feel free to write Dr. Roberts. Inquiries will be cheerfully answered.

## When We Took on the Black Cat Line

We did so because we believed its merit would outsell every other line in town.

We were right. It has.

And if you wish to know why, all you need to do is to come and look over our good looking and good wearing men's hose.

Take notice of that Extended Heel—made by special machinery—which is an exclusive feature of Black Cat, and which doubles the life of your sock.

Notice their soft lustre and even beautiful colors. Almost sheer and handsome as Ladies' stockings, yet about as strong as the children's.
